The Weather.

FOR KENTUCKY—Probably rain, followed by colder Saturday.

W. J. Field, congressman-elect from the Ninth Kentucky district, has matriculated at the law school of the State university. Field, prior to his election to congress, was a traveling salesman. He succeeded Congressman J. B. Bennett, who was in congress for two terms.

A girl clad only in pink pajamas refused to leave a burning hotel in Evansville and a fireman had to wrap her in a big coat and take her out in his arms.

The next thing to look forward to is the ground-hog next Wednesday and the chances are that he is already out.

Dupont in Delaware and LaFollette in Wisconsin have been re-elected to the Senate, both Republicans.

King to Go to School.

One who was brought into contact with the recently dethroned King Manuel during the last few weeks tells how the King now speaks English far more fluently than before. He admits with some little pride, that he understands the language well enough to read a morning paper with interest. It is highly probable that he will go to Oxford University, though he will have to make considerable advance in his studies in order to be able to matriculate. Two tutors are to be provided for him and he expects to be able to give up most of the morning to his books.

His mother also is assisting him in his studies. Mathematics, he frankly confesses, is his weak spot at the present time, and he hopes to show speedy improvement in this once he has settled down amid his surroundings at Richmond.

\$100 REWARD \$100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surface of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up his constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars to anyone who can cure a case that it fails to cure. Send for a free trial.

railroad man, and Count Jacques de Lesseps, the French aviator, were married at St. James church, Spanish Place Thursday.

Count de Lesseps is a grandson of the noted engineer, Ferdinand de Lesseps. He is twenty-seven years of age. A year ago he took up aviation and made some notable flights, including the crossing of the English Channel. Miss MacKenzie accompanied him in aerial trips at New York and Toronto, but with the announcement of their engagement both foreswore the perilous sport.

Stolen Pin Returned.

The thousand dollar diamond pin stolen from Conductor Curd Harris of this city between Clarksville and Paris several weeks ago was mysteriously returned to its owner yesterday. Several days ago Mr. Harris received an anonymous letter stating that the diamond would be returned if no questions were asked, and further instructing him to display a white flag on the caboose of his train if the proposal was acceptable. On each run of Mr. Harris he has carried the white flag as specified, and yesterday the pin came to him in a two-cent envelope through the United States mail.—Bowling Green News.

Met The Objections.

The first of the heroic figures of the George Gray Barnard group of statues was put into place and stripped of its covering at Harrisburg, Pa., and was found to be draped with plaster of Paris. The treatment is in line with what Barnard, who is in Paris, is reported to have promised when his attention was called to the protests against the nudity of the figures.

The matter of the draping of the nude figures, some of which are twenty feet in height, has been widely discussed in the state.

Benjamin Cleared.

Kearney Benjamin, the chum of young Thompson, has been acquitted of the charge of killing Henry Thompson at Dixon, Ky., in examining trial. It seems to be the prevailing opinion that the elder Thompson committed suicide. When he was arrested, Benjamin was calling upon Miss Kathleen Carothers, of this city and Miss Willie May Rascoe, of Roaring Springs, who are visiting Mrs. J. A. Goodson, at Dixon.

No Commission For Joliet.

Joliet, Ill., Jan. 27.—The commission form of government lost in Joliet by a vote of 3,235 to 2,269. The liquor interests took the lead in opposition to the plan.

Sure Enough Which?

Little four-year old Robert, like many other boys of his age, liked to ask questions. So when the first downy chicks came in the spring and his mother saw him studying them most intently, she knew something was coming. And it did, for presently he turned to his mother and asked, "Mama, are chickens' legs hind legs or front legs?"—M. B. Denison in Woman's Home Companion for February.

Record Price For Land.

Hickman, Ky., Jan. 27.—The Jackson (Tenn.) syndicate which has held an option for several weeks on a number of farmers east of Hickman, purchased two of them this past week—the D. B. Wilson farm of 114 acres and Joe Johnson farm of 90 acres. They received \$140 an acre for this land, the highest figure that has every been paid for farming land in any part of this section of the country.

A Big Oak.

The largest tree in Huntington township, Adams County, was cut last week on the farm of J. R. Saddler. The tree was five feet across the stump and took the men several hours to place it prostrate. Eleven hundred and three large wagon spokes were taken from the trunk and twelve cords of wood were cut from the top and branches.—Philadelphia Record.

Eggs Still Lower.

Chicago, Jan. 27.—Conditions in the egg trade have been in a deplorable state for several days, but a climax was reached Thursday when Chicago dealers found it necessary to knock off three cents a dozen on prices. This latest drop brought quotations to seven cents lower than a week ago and eleven cents lower than a year ago.

Record Attendance.

Bowling Green, Ky., Jan. 27.—The midwinter term of the Western Normal School began this week with the largest enrollment in its history. The city is fairly alive with young men and women who are taking advantage of this term just after their school terms are out. The Normal School will move into the new building on Saturday.

Court at Cadiz.

Judge Hanbery is disposing of business rapidly at Cadiz and expects to finish the term at the end of two weeks and hold court at Hardinsburg, as a special Judge, next week. No indictments had been returned Wednesday.

Gov. Patterson's Pardons.

A hasty examination of records in the office of the Secretary of State shows that during his four years in office, Gov. Patterson exercised clemency in 1,927 cases, including pardons, reprieves and commutations.

SAVED FROM AN OPERATION

By Lydia E. Pinkham's Vegetable Compound

Peoria, Ill.—"I wish to let every one know what Lydia E. Pinkham's remedies have done for me. For two years I suffered. The doctors said I had tumors, and the only remedy was the surgeon's knife. My mother bought me Lydia E. Pinkham's Vegetable Compound, and today I am a healthy woman. For months I suffered from inflammation, and your Sanative Wash relieved me. Your Liver Pills have no equal as a cathartic. Any one wishing proof of what your medicines have done for me can get it from any druggist or by writing to me. You can use my testimonial in any way you wish, and I will be glad to answer letters."—Mrs. CHRISTINA REED, 105 Mound St., Peoria, Ill.

Another Operation Avoided.
New Orleans, La.—"For years I suffered from severe female troubles. Finally I was confined to my bed and the doctor said an operation was necessary. I gave Lydia E. Pinkham's Vegetable Compound a trial first, and was saved from an operation."—Mrs. LILY PEYRON, 1111 Kerlan St., New Orleans, La.

The great volume of unsolicited testimony constantly pouring in proves conclusively that Lydia E. Pinkham's Vegetable Compound is a remarkable remedy for those distressing feminine ailments from which so many women suffer.

ELE VEN

Jury Discharged After Being Out Twenty-four Hours.

Wheeling, W. Va., Jan. 27.—After struggling for more than twenty-four hours with the mass of technical and sensational testimony, the jury in the case of Mrs. Laura Farnsworth Schenk, charged with poisoning her husband, John O. Schenk, announced late today it was hopelessly divided and could not reach a verdict. Mrs. Schenk is again in jail despite her hopes that she would be a free woman upon the verdict of the jury. The final vote taken by the jury, stood eleven for acquittal and one for conviction.

Not a Day in Bed.

Gramling, S. C.—In a letter from Gramling, Mrs. Lula Walden says: "I was so weak before I began taking Cardui, that it tired me to walk just a little. Since taking it, I do all the housework for my family of nine, and have not been in bed a day. Cardui is the greatest remedy for women, on earth." Weak women need Cardui. It is the ideal woman's tonic, because it is especially adapted for women's needs. It relieves backache, headache, dragging feelings, and other female misery. Try Cardui. A few doses will show you what it can do for you. It may be just what you want.
